

Renton Sailing Club

Dear Members,

On behalf of the Renton Sailing Club Board Members, welcome to the 2009 sailing season. Whether you are a beginner, intermediate, or advanced sailor, enjoy impromptu sailing or racing, the club offers something for everyone.

Not only does your club membership allow you to participate in club events, some added benefits to take advantage of:

- Hone your sailing skills with advice from friendly and patient Dock Masters.
- Learn to sail bigger boats and navigate through increasingly challenging situations.
- Have a voice in planning events and using club equipment.
- Choose from the many boats based right on the lake and receive support from experienced sailors.

RSC is run solely by its volunteer membership. As a member, we ask that you volunteer to help with at least two events during the season. You never know what life skill you'll learn while helping out the club and your fellow members.

The RSC website www.rentonsailing.org provides a wealth of information on club events and club resources. We invite you to post information and communicate with other sailors.

We, at RSC are excited to have you aboard! Best of luck to you for a safe and enjoyable boating season. See you at the lake.

Regards,

Dan Bryan
Renton Sailing Club President
