

Welcome to the Renton Sailing Club website. Note that we are not a yacht club, but a sailing club. Which means that we are a club that is interested in sailing the local waters of Lake Washington and sometimes beyond. We are made up of a wide range of sailors from beginners to experienced sailors that have sailed down the coast.

The club has a wide range of boats that are available for use by club members for only the cost of membership and of course help with the upkeep of the boats. Our smallest boat is a 8 foot El Toro and our largest one is a 27' cruiser, with many boats in between. We have our own dock on the North end of Coulon Park in Renton, which is a great location.

If you have an interest in starting or re-starting your sailing adventure don't hesitate to contact me so that I can answer your questions.

Welcome aboard!

A handwritten signature in blue ink that reads "Jim". The signature is written in a cursive, flowing style.

Jim McClafin
